About Us

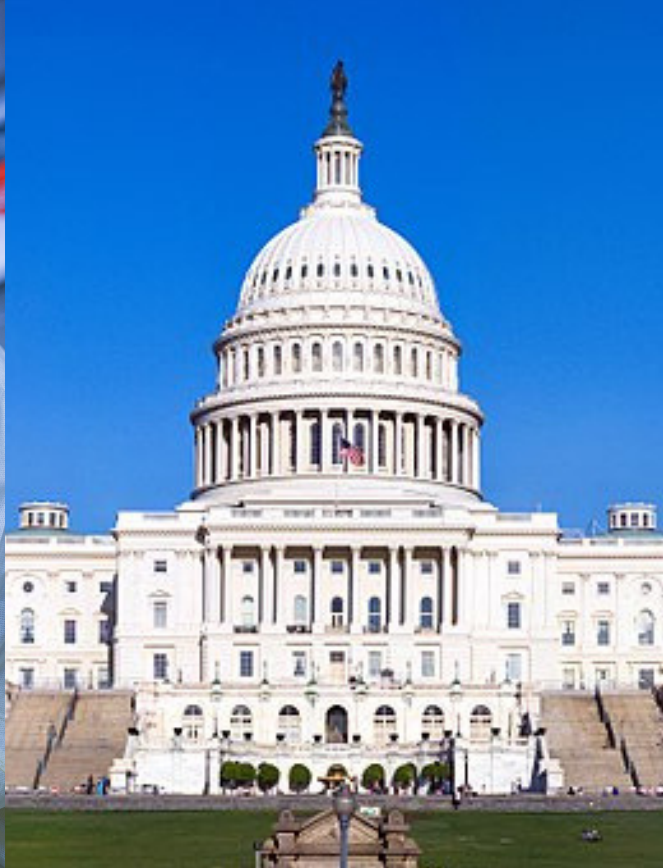

ASCLS is the national organization of clinical laboratorians whose members are involved in all scientific, technical, educational, consulting, managerial and industry related aspects of the profession. ASCLS strengthens professional bonds and promotes the future security of the profession and its practitioners.

Personal Services

ASCLS members can choose from a range of discount services targeted especially for clinical laboratory professionals. Participate in the ASCLS insurance programs and take advantage of group rates on health, professional liability, life, disability and automobile insurance. ASCLS has partnered with Office Depot to bring our members a national discount program. Save up to 80% off on preferred products. Shop online or in stores. FREE next day delivery on orders over \$50.

Why Join ASCLS WI? Continuing Education

Enhance your professional knowledge through P.A.C.E.®, Professional Acknowledgment for Continuing Education. These programs, webcasts, and online course offerings provide continuing education credits through hundreds of quality programs on topics of critical interest — programs that are reviewed regularly for educational content, relevancy to the profession, qualification of faculty and structure. You can earn P.A.C.E.® credits for re-certification or to fulfill re-licensure requirements.

Networking

An ASCLS membership grants you access to an entire professional network within the field of laboratory sciences. Membership helps to extend you network while granting you access to experts in your field of specialization.

Advocacy

ASCLS has a dedicated government affairs team, dedicated to making sure the concerns of laboratory professionals are heard by legislators. The ASCLS Legislative Symposium helps to connect current members with congressional legislators to lobby for the future of the laboratory science professions.
